

Executive Director, Ireland

HIV Ireland is a leading national organisation working in the area of HIV. Our mission and vision is to contribute towards a significant reduction in the incidence and prevalence of HIV in Ireland, and towards the realisation of an AIDS-free generation by advocating for individuals living with HIV, preventing new HIV infections and combating HIV-related stigma and discrimination.

Since 1987 HIV Ireland has been consistently engaged in lobbying and campaigning in the promotion of human rights for people living with HIV. Our approach broadly reflects a harm minimisation model which emphasises practical rather than idealised goals. To support its national growth plans the Board of HIV Ireland is seeking to appoint a highly motivated and experienced person to lead the organisation into the next stage of its development.
